Dear Sir:

Herewith I am enclosing a list of the Numismatic Notes and Monographs published by our Society, and I beg to propose that we arrange an exchange of the publications of our two Societies. We have a file of NUMISMATICKY CASOPIS CESKOSLOVENSKY which is complete through 1929, with the exception of Cislo 3 and 4 of Rocnik IV. We should like to have in addition to the above numbers (i.e. 3 and 4 of Vol. IV ), the volume beginning 1930, and if you accept our suggestion please select from the list of Numismatic Notes and Monographs the numbers you would prefer to have to the value equivalent of the numbers of your magazine which you supply us. On receipt of your response, if the suggestion meets with your approval, we shall place the name of your Society on our exchange list and you will receive our future publications.

Very sincerely yours,

Secretary.
